

MICHAEL F. PETRAS

Entry-Level Full-Stack Developer

petrasmichael06@gmail.com | +63 946-227-1060 | Quezon City, Philippines | github.com/kheel06 | linkedin.com/in/michaelpetras

PROFESSIONAL SUMMARY

Entry-Level Full-Stack Developer with hands-on experience building full-stack web applications using **PHP, Laravel, JavaScript, MySQL, and Tailwind CSS**. Experienced in developing secure CRUD applications, RESTful APIs, and AI-powered systems through freelance and academic projects. Passionate about building scalable, user-focused software solutions.

TECHNICAL SKILLS

- **Full-Stack Development:** PHP, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, MySQL
- **Development Tools:** Git, GitHub, Visual Studio Code, Laravel Herd, Postman, RESTful APIs, Chart.js
- **Core Competencies:** CRUD Operations, Database Design, User Authentication, Role-Based Access Control (RBAC), Responsive Web Design, Debugging & Testing

WORK EXPERIENCE

Freelance Full-Stack Developer

2024 - 2026

Freelance Client Projects

- Designed, developed, and deployed responsive full-stack web applications using **PHP, MySQL, JavaScript, HTML, CSS, Tailwind CSS**, delivering scalable solutions tailored to client requirements.
- Developed secure **CRUD functionality, user authentication, role-based access control (RBAC), database integration, and RESTful API interactions** to ensure efficient system functionality and seamless user experience.
- Utilized **Git and GitHub** for version control while collaborating with clients throughout the development lifecycle, including requirements gathering, testing, debugging, deployment, and ongoing enhancements.

Administrative Intern

Feb 2026 – Apr 2026

IT Support & Document Management

Office of the Assistant Secretary for Legal Affairs (OASLA), Department of Agrarian Reform (DAR)

- Managed and maintained digital and physical records, ensuring accurate organization, secure storage, and efficient retrieval of documents.
- Utilized Microsoft Office applications (Word, Excel, and PowerPoint) to prepare, format, and update reports, forms, and official documents.
- Provided first-level technical support for document processing, Microsoft Office applications, printing, scanning, and file management.

PROJECTS

SOLIERA: Administrative Management System with Intelligent Legal Text Analysis Using Gemini AI for Document Classification (Capstone Project) | Project Manager & System Developer

PHP | Laravel | JavaScript | Tailwind CSS | Daisy UI | Postman | Gemini AI

- Developed a Laravel-based administrative management system integrating **Gemini AI** for intelligent legal document classification with secure authentication and RBAC.
- Built responsive interfaces using **Tailwind CSS** and **DaisyUI**, while testing RESTful APIs with **Postman**.

Hospital Management System

Digital Patient Access & Emergency Management Platform with AI-Powered Triage and Telehealth Support

PHP | JavaScript | HTML | Tailwind CSS | Flowbite | Postman

- Developed a hospital management platform with patient registration, emergency management, AI-powered triage, telehealth support, and secure user authentication.
- Implemented CRUD operations, RBAC, MySQL integration, and responsive dashboards using **PHP, JavaScript, and Tailwind CSS**.

EDUCATION

Bestlink College of the Philippines

Bachelor of Science in Information Technology

Graduated: 2026

Major in Information Management

CERTIFICATIONS

- A-sys Online Seminar (2025)
- Information Management in the Digital Age Course (2026)
